

CERTIFICATE OF PARTICIPATION

This is to certify that

COLTON SAMMUT

has participated in the 2019-2020 JAYE Malta Foundation Company Programme as part of Better4Change, a JAYE Company from G.F. Abela Junior College.

This programme requires the completion of 8 months of hands on learning and training in entrepreneurship and business management and successfully developing, launching and running a student company.

FIONA CAPTUR
Chief Executive Officer

OVERVIEW OF LEARNING EXPERIENCE AND SKILLS ATTAINED

In the JAYE Malta Company Programme students learn how to take a business idea from concept to reality. They form their own enterprise and discover first-hand how a company functions. They elect a board of directors from among their peers, raise share capital, market, finance and sell product or service of their own choice. At the end of the programme they present an annual report and accounts to their shareholders and complete a Business Presentation in front of a panel of judges.

Since its launch in 1919, Company Programme students around the world have had hands-on experiences that develop new skills such as teamwork, leadership, presenting, planning & financial control as they learn to take responsibility for the success of their company. The programme is supported by volunteering Mentors from the business world who guide and support companies. The JAYE Company Programme is recognised by the European Commission Enterprise Directorate General as a "Best Practice in Entrepreneurship Education".
